Sermon

Today we close the curtain on another picture of Jesus.

He is the real thing.

You can't get around him.

I watched a summary of world opinion on Ukraine last night. and it came close, but wasn't as good.

Russia was wrong to invade. They were the aggressor; but nothing will be settled until everybody stops fighting.

Isn't that the message the whole world needs to hear and obey?

How do you get across a message like that?

You just live it. If it doesn't get through to you, you have to turn around, when it does make sense, and change direction. Line up with what's right. Admit you've been wrong, and try again.

That's all church is really about. Repent, and believe the good news.

Amen.
